I3P
Collaboration in Engineering Innovation

Andy Powell
Innovation Manager – FCRM
The I3P Ambition

• Establish a truly collaborative culture across infrastructure client organisations and their supply chains

• Create a safe space to identify areas for innovation, to collaborate and co-invest

• Create a ‘platform’ to share ideas and innovation driven by client needs

• Relevant across the whole project life cycle (from ‘framing the problem’ through to project end)

• Learn & apply innovation from ‘world leading’ organisations in other industries & geographies

Together, we can make a positive impact on our world.
i3P Users can submit ideas and share innovations. ILG forms working groups to identify challenges and opportunities. Forum members improve health safety and well-being, productivity and efficiency, sustainability and environment, and digital world. Collaborative Innovation Fund facilitates these processes.
